Citizen Initiated Ballot Measure for Rent Stabilization and Tenant Protections Will Not Appear on the November 2026 Ballot Before Anaheim Voters

Anaheim, Calif. — Tenants United Anaheim (TUA) announced today that their citizen initiated ballot measure, the “Anaheim Rent Stabilization, Eviction Restrictions, and Mobilehome Park Closure Regulations Initiative” will not appear before Anaheim voters on the November 2026 General Election Ballot.

No signature petitions for the initiative were submitted by TUA to the City of Anaheim City Clerk by the 4 August 2026 deadline. The Anaheim City Council, could, if they desired, place the initiative on the ballot by their own will.

From talking to community members while canvassing and gathering signatures for the initiative, TUA came to the conclusion that the measure text of the initiative was not strong enough to adequately address the crisis at hand. TUA decided to suspend further signature gathering efforts for the initiative, and to not move forward with the process beyond the signature gathering stage.

TUA will be working with local, regional, and statewide friends, partners, and allies, in order to improve the strength and coverage of the initiative measure text. TUA is continuing on the ground efforts in line with their mission, just as they did before this initiative was filed.

Tenants United Anaheim (TUA) is a volunteer run, community based, not for profit organization led by a union of residential tenants. The mission of TUA is to build grassroots power and solidarity between diverse working-class neighborhoods. Through organizing, direct action, coalition building, and civic engagement, our union will strive to keep people in their homes and to achieve dignity and security for all tenants regardless of their immigration status. We are dedicated to making improvements in the living conditions of our members and winning safe, secure, and affordable housing for all. Learn more at tuAnaheim.org, or follow TUA on social media @tuAnaheim.
